VOL. XV GLENDALE, (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., SATURDAY, AUGUST 7, 1920 287

WEEKLY PAY ROLL

MORE THAN $500 PER WEEK—SIX DEPARTMENT HEADS—FOUR TRUNK PHONE LINES

It may be interesting for the citizens of Glendale to know that the Glendale Evening News has had a payroll of more than $500 per week since January first of the present year. This fact is sufficient assurance that the Evening News has a large list of regular daily subscribers and many substantial advertising patrons who are satisfied with results gotten from publicity space used in the Evening News. It is the endeavor of all persons interested in every particular with the Evening News to spend as much of the $500.00 a week in Glendale as is practicable.

The business of the office is entirely systematized, having the following departments headed by competent persons: Classified Advertising, Subscription, Display Advertising, Reportorial, Accounting, and Job Estimating. The telephone service is supplied with four main lines with eight extension phones.

The above information is given out that the citizens of Glendale may be made aware of the fact that the Evening News is established on a sound business basis.

WATCH WATER TANK

DO NOT LET IT BE OVERHEATED, IS WARNING OF P. S. D.

The Public Service Department wishes householders warned against allowing their water tanks to be overheated. Always turn out the fire from your heater just before the water in the tank is all boiling hot. If this is not done the hot water will back up through the meter and lift and warp the rubber disc that controls the flow through the meter so it will not work and will have to be replaced. As these discs cost $1.35 each and the time it takes to install them, the loss in the aggregate from this custom is very serious. In Los Angeles this cost is charged to the negligent consumer and such a plan will have to be adopted here if the practice is not stopped.

MORSE—ALEXANDER

Sylvenus B. Morse of Glendale and Minnie E. Alexander of Wheeling, West Va., were united in marriage at the Presbyterian manse, Friday, August 6th, at 2 p. m., Rev. W. E. Edmonds officiating. The ring ceremony was used and Mrs. W. E. Edmonds and Mrs. A. G. Mitchell witnessed the ceremony. After an extended trip the happy couple will be at home to their friends at 145 S. Everett street, Glendale.

GLENDALE LEADS CALIFORNIA CITIES IN BUILDING

While in Glendale both the number of building permits issued and the value of the same increased for July, over June, in Los Angeles 1086 more permits were issued in July, 2154 in all, but the valuation was more than a million dollars less than for the preceding month. Los Angeles is 50 times the size of Glendale. If the valuation of her permits was as large in proportion as Glendale's in July they would have reached the amazing sum of $14,423,000. Glendale still leads all California cities in building operations in proportion to her size.

SURPRISE SHOWER

MISS ETHEL WEST HONOR GUEST AT EVENING PARTY

Miss Gladys Sharpe of 109 West Lomita avenue gave a delightful shower Thursday evening for Miss Ethel West, whose engagement was announced several weeks ago. Yellow was the predominating color in the dining room, and ices, candies and flowers were of a corresponding color. Many beautiful gifts were showered upon Miss Ethel from an umbrella which was brought in and placed open over her head. She was completely surprised, no inkling of the affair having reached her ears. A wonderful cook-book was given her as a reminder of "the way to a man's heart." A delightful time was spent in games and chatting. Misses Ruth Danna and Katherine Staff served the dainty refreshments.

PARKING PLAN

DR. STEELMAN SUGGESTS MEANS OF REDUCING COLLISIONS TO MINIMUM

Dr. C. S. Steelman whose business headquarters on Brand boulevard afford opportunity to observe the effects of traffic congestion and mix-ups, has figured out a simple scheme of parking which he thinks would prevent a good many of the minor collisions that are of such frequent occurrence there. Under the present system an autoist going south and intending to stop at one of the stores runs south and drives directly to the curb at the required angle which places the machine facing southwest. Many drivers, the doctor says, particularly women, seem not to be able to calculate exactly the power needed to carry their machines to the curb and approach it with so much force that they occasionally mount the sidewalk and create a small panic. To get away from their parking station they have to back out in such a position that they cannot see the traffic behind them, neither can other autoists coming south see any signals they make because their vision is obscured by the hood of the auto. Consequently a driver must always be prepared to see some parked auto dart out in front of his machine.

The doctor's remedy is very simple. It is in brief for the shopper to run past the stopping place far enough to back in, leaving his or her machine facing outward or southeast and all ready to start forward down the street when the shopping is done. In this position the driver of the parked machine wohld be able to see up and down the boulevard and to signal to other drivers coming south. Also the backing in process would be carefully and slowly done and would be less liable to send the auto over the curb. The plan has a very rational sound and would require no radical change. It would seem to be worth a trial.

AGAIN A RECORD

YESTERDAY SHOWS 9 BUILDING PERMITS FOR NEARLY $25,000

Yesterday was another great day in building permits, nine having been issued for eight residences and one addition, for total valuations of $24,725. Among the new houses included in this list are the following: J. H. Webster's, 6 rooms at 1020 South Central avenue, $5900, E. D. Yard contractor; G. Riddell's, 8-room double residence at 1206 S. Maryland avenue, $4000; Mr. Hearston's, 5-room, at 700 North Isabel, $3500, Rommel Construction Company, contractor; another for C. Edwards, 5 rooms, at 369 West California avenue, $3000; one for C. I. Sherwood, at 210 Milford, 5 rooms, cost $4175; another of five rooms and costing $3500 for J. Smith, at 225 North Kenwood, and a 2-room residence for Geo. Haniquet at 1256 Mariposa to cost only $400.

ROWES RETURN

BACK FROM BA.YCITY, WHERE THEY VISITED MRS. LATTER

Mr. and Mrs. George H. Rowe and Miss Nellie Rowe of 216 South Orange street returned home Thursday evening from an extended motor trip to San Francisco and vicinity. While north they spent most of the time with Mrs. G. F. Latter of Oakland, a former resident of Glendale. Mr. and Mrs. Rowe and the Latter family camped a couple of days at Redwood Park at Big Basin. Here they have a huge camp fire every night and an entertainment. Miss Nellie Rowe, a talented reader, was asked to give several readings at the camp. The Rowes went north to bring their son, Laurence, who is at the Letterman Hospital, home with them. They were greatly disappointed, however, to find that it would be several weeks before he receives his discharge as he has to go before the Disability Board yet.

A cousin, A. B. Roy, a teacher in the Oakland Schools, returned to Glendale with them for a short visit.

Fred Volkhart, superintendent of the East Broadway line of the P. E., left yesterday for his vacation of six days, and will seek big game near Fillmore, we are informed. His fellow workmen advised him to take along a compass, not to measure quantities or percentage, but to keep him on the right game trails.

ENGLAND MAY FIGHT

PREMIERS' CONFERENCE TOMORROW TO DETERMINE ATTITUDE OF FRANCE AND BRITAIN

(Special Service to Glendale Evening News)

LONDON, August 7.—Whether the great powers will again engage in war to turn back the Soviet armies from Poland is a question that will be determined at a conference between Premier Millerand and Lloyd George tomorrow at Hythe.

Although the British cabinet favors action against the Soviets the popular disapproval which greeted Lloyd George's announcement will delay a decision until after the conference with France.

News from the fighting front indicates that the Poles are still holding the Bolsheviki in check although the Reds are expected to renew their attacks with renewed fury when supplies are brought up.

It is thought that France will favor sending war materials and officers to Poland's aid, and that limited naval operations will be proposed.

Italian aid can not be counted on according to reports. Italy does not favor intervention nor will she respect a blockade against Soviet Russia, it is said.

PARIS, August 7.—Marshal Foch will participate in the conference between Premiers Millerand and Lloyd George at Hythe tomorrow, the foreign office announced today.

CONTINUE LEMBERG DRIVE

POLES ASK SOVIETS TO ALLOW PEACE DELEGATES TO COMMUNICATE WITH THEIR GOVERNMENT

(Special Service to Glendale Evening News)

MOSCOW, (Via Paris by Wireless.)—August 7.—The Bolshevik forces today resumed their drive against Lemberg and had reached the line of the river Strypa, 65 miles from Lemberg.

ZURICH, August 7.—Poland has again requested Russia to cease operations according to a wireless from Warsaw. The Soviets have been asked to allow the Polish peace delegates at Minsk to communicate freely with their government.

COX ACCEPTS NOMINATION

LARGEST CROWD IN DAYTON'S HISTORY ATTENDS NOTIFICATION CEREMONIES

(Special Service to Glendale Evening News)

DAYTON, Ohio, August 7.—With his formal acceptance of the Democratic nomination, Governor Cox today became the new leader of the Democratic party, having outlined the issues on which the party will make its fight for the presidential nomination.

Attendance at the acceptance ceremonies was the greatest in Dayton's history. Formal ceremonies began at 2 o'clock with the notification speech by Senator Joseph T. Robinson. The address followed a parade of Cox boosters led by the Piqua county band which led the Cox rallies in San Francisco.

Joseph Tumulty was present to represent the White House, Franklin D. Roosevelt and wife, and Senators Reed, Harrison and Gerry were among other prominent Democrats who were here.

Governor Cox and Roosevelt headed the parade of boosters and were given a great ovation by the crowd. Cox said, "I wanted to see if Roosevelt could stand the gaff."

MARTIAL LAW IN DENVER

TROOPS PATROL STREETS TO PREVENT RENEWAL OF RIOTS IN CONNECTION WITH CAR STRIKE

(Special Service to Glendale Evening News)

DENVER, August 7.—Military discipline was gripping Denver today when troops patrolled the streets to prevent a renewal of the riots that accompanied the street car strike.

The death toll had reached five last night as a result of a gun battle between the police and strike sympathizers. Martial law has been declared.

A meeting of the Tramway union was called for today to vote on calling off the strike following the action of the executive committee who voted last night to declare the strike off.

ENSENADA AWAITS INVASION

CANTU FORCES SAID TO BE PREPARING TO RESIST GOVERNMENT TROOPS EXPECTED ABOUT AUG. 10

(Special Service to Glendale Evening News)

SAN DIEGO, August 7.—Ensenada today was preparing to meet the invasion of Mexican federal troops according to word brought here by the motor boat Gryme. The federal forces are expected about August 10 and the Cantu armies are preparing to resist their efforts to land.

GERMANY TO BLOCK FRENCH TROOPS

(Special Service to Glendale Evening News)

BERLIN, August 7.—A general railway strike will be declared in Germany if France attempts to send troops across Germany to the aid of Poland, it was reported today.

GET BURBANK BANDIT

RAPHAEL DALO CAPTURED, TWO COMPANIONS TRAILED TO LAIR

It seems probable that the trio of bandits who shot and killed Night Watchman Robert Norman of Burbank in the early morning of Friday, July 23d, and seriously wounded Constable H. E. Purrier will all be in custody of the sheriff today. One of them, Raphael Dalo, aged 20 years, was captured last evening at the Mumulo Ranch near Redondo, and according to Sheriff Cline and Under Sheriff Manning, made a complete confession, involving Domenico Gays and Nick Torillo, both about his own age. Dalo declared Gays did all the shooting, but this is positively contradicted by Constable Purrier, who said at least two and possibly all three, took part. Purrier says that when he and Norman ordered the men, who were all three seated in the car, to hold up their hands, they did so promptly, and grasped revolvers that were concealed, within easy reach, in the car top. They then began shooting and Norman was struck, falling forward against the machine. Purrier was hit but fired at the bandits several times before he fell, and, according to Dalo, put a bullet through the latter's arm and hit Gays in the leg. Torrillo then grabbed the steering wheel and backed the car out, then sped away toward San Fernando. They hid in that vicinity for two days, then returned to Los Angeles and scattered. According to police records, Dalo, whose wound in the arm was slight, held up and robbed an aged couple near Redondo, on the Monday following. Dalo's photo was identified by both the victims when it was shown them by the police. Purrier also identified Dalo and Torrillo as members of the bandit gang, from police photos. Dalo has a long police record, young as he is and there is little doubt in the minds of the officers that he did some of the shooting. The trio evidently had murder in their hearts and sought to kill the two vigilant officers and thus make detection impossible. It seems that the three are members of a wine smuggling gang who "had it in" for Burbank officers in general, because of their activity in detecting and arresting smugglers of wine.

Dalo showed the fallacy of the oft-repeated statement that there is honor among criminals by laying all the blame on his associates and readily directing the sheriff's officers to their hiding place, which, he said, was near Cucamonga. A heavily armed posse set out at once for the place named and enlisted many recruits on the way and after they arrived, for the criminals were said to be desperate men who declared they would kill the officers and then themselves before they would submit to arrest. It was expected that they would be hemmed in by this morning and their capture made certain.

LIGHT AND WATER CHANGES

The Public Service Department's record of orders for reading meters, cutting off service and installing meters, yesterday, was as follows: Read—Mrs. E. C. Silsbee, 1130 East Colorado, moving to 928 North Louise; L. E. Jennings, 204 South Glendale avenue; Mrs. O. Larson, 807 South Maryland avenue, moving to Seattle, Wash. Off—H. F. Clark, 1203 South Maryland avenue, moving to Claremont. On—Arend Last, 908 East Broadway. Install—S. E. Wright, 811 Orange Grove avenue; E. G. Meadows, 11th street and Vine avenue.

O. E. S. RECEPTION

Mrs. Frank Vesper and Mrs. E. R. Naudain of East Lomita avenue entertained at luncheon at one of the Los Angeles tea rooms Friday their friend Mrs. W. J. Brunson from Algona, Iowa. Following the luncheon the ladies attended a reception at Daylight Chapter, O. E. S., of Los Angeles, for Mrs. Alma Jordan, Associate Matron, who is a bride and who was the recipient of many beautiful gifts as well as of the congratulations of her large circle of friends in the order. Several hundreds of ladies were present, Mrs. Naudain, who is an Associate Matron, representing Glen Eyrie Chapter officially. In all respects it was quite a smart affair.

The Glendale Commercial School expects to move to new quarters on the second floor of Ray Borthick's new building, near the Masonic Hall.

TAKE WARNING

GLENDALE AUTOISTS SHOULD NOT PASS STANDING STREET CARS

Stafford Harlow, Glendale secretary for the Automobile Club of Southern California, informs the Evening News that Glendale residents should be warned that they must implicitly observe the ordinance of the city of Los Angeles prohibiting the passing of a standing street car, as a most intensive campaign for the enforcement of this ordinance is now being waged in the big city and all offenders will be promptly arrested and heavily fined. The section of the ordinance referred to reads as follows:

"Section 22 (As amended by Ordinance No. 39,917 (N. S.), approved March 11, 1920). It shall be unlawful for the driver of any vehicle, upon overtaking any street or interurban railway car which has stopped for the purpose of discharging or taking on any passenger, to fail, neglect or refuse to stop such vehicle at least ten (10) feet in the rear of the nearest exit of such street or interurban railway car and to keep such vehicle standing where so stopped until such passengers or intending passengers have safely alighted from or boarded said street or interurban railway car, or until such street or interurban car shall have started. The provisions of this section shall not apply to the drivers of vehicles on any street in the congested district between the hours of nine (9) o'clock a. m. and six (6) o'clock p. m. of any day; provided, however, that the drivers of such vehicles shall at all times keep such vehicles at least four (4) feet distant from the running board or lowest step of any street or interurban railway car that is stopping or stopped for the purpose of taking on or discharging passengers; provided, that if said vehicle for any reason can not proceed in such manner as to keep at least four (4) feet distant from the lowest step of said street or interurban car so stopped, then such vehicle must be stopped and kept stopped as hereinbefore provided.

RETURN TO SEATTLE

MR. AND MRS. O. LARSON REGRETFULLY LEAVE GLENDALE

O. Larson and wife, who have been living in Ed Lynch's house at 807 South Maryland avenue for the past six months, are preparing to return to Seattle, Wash., their home. They had hoped to stay in Glendale longer, but the house they lived in was recently bought by Randolph Bainbridge, who desired possession, and their lease had expired. Being unable to find anything else in Glendale to rent, they were forced to return to Seattle. Mr. Larson is a writer of considerable note and has greatly enjoyed the beautiful surroundings and the quietude of the Glendale abiding place. They hope to return here to live.

HIGH SCHOOL ADDITIONS

Architect C. C. Rittenhouse has prepared preliminary plans for five two-room frame school buildings and a gymnasium building to temporarily relieve the congestion at Glendale Union High School. It is to pay for these that the $60,000 bond issue soon to be voted on is desired. The plans call for rustic siding, composition roofs, pine trim and blackboards.

FEARS NOT COURT

YOUNG MAN WRITES JUDGE HE'S SORRY COULD NOT COME PAY FINE

For genuine innocence, and lack of fear of the courts, the following note received yesterday by Judge Lowe from T. R. McDonald of Los Angeles recently arrested in Glendale for violating the traffic ordinance, undoubtedly takes the palm: "Dear Judge, I was sorry I could not come in as requested. Did not have anything to pay the fine with if I came in, anyway, so don't suppose you care about it. If you will kindly pardon my absence I will come in and find out what the fine is and pay it on my next pay day. If this is not satisfactory call me up on the phone and advise me how it will be and greatly oblige."

There is an "Exide" Battery for Your Car

and it will give "punch" and "pep" to your starting system. The space saving "Unit Seal" construction gives extra plate surface—hence greater capacity per unit of weight and volume. This means built-in durability and power. Let us show you your "Exide" Battery and explain its special features.

Why not come in regularly for battery tests. We will locate any faults in your electrical system and regardless of your make of battery we will perform this service free of charge. We are battery experts and we place our experience at your disposal.

OHIO'S PLACE IN THE SUN

Although there is disagreement, due to difference of judgment, as to who it will be, Ohio, the birthplace of six presidents and the home of another when elected, will have another son elevated to the highest office in the gift of the people.

There is a good reason for the prominence of Ohio men in politics. The state, while Republican the greater part of the last 50 years, has never been overwhelmingly so. This has made it necessary to consider what Ohio would do and that entailed picking candidates who would have strength in that commonwealth. Naturally a son of the state would stand the best show in such a contest. Fortunately, too, Ohio developed men. Candidates were forced to run on their merits.

In the last half century Ohio has more deeply impressed the views of her people on the laws of the nation than has fallen to the lot of any other state. This has been due to the fact that her sons have been in positions of authority. In 60 years Ohio's sons have been chosen as chief magistrate for 32 years of that period, though two of them failed to serve their terms through assassination.

In view of the facts, the rest of the country will have to be tolerant if Ohio seems at times to verge on the boastful.

PITY THE CENSUS TAKER!

Since the days when King David numbered the children of Israel the taking of the census has always been productive of trouble. David's enumeration was for military purposes and was expressly against the divine command because it was tantamount to an expression of distrust in the power that established the chosen people as a nation. As far as our advices go there has been no decree of the Almighty directed against census taking in the United States, but that is practically the only source from which complaints against the last census have not emanated.

Civic pride is exceedingly sensitive, and when the citizens of a community have read the estimates of real estate men and various civic bodies showing how a place has doubled in population since the last census was taken, they are very naturally disappointed when the cold figures are presented to them.

TOURING CONDITIONS

LONG DISTANCE INSPECTION CARS OF AUTO CLUB BRINGING IN REPORTS

Like homing pigeons, the long distance inspection cars of the Auto Club of Southern California are rolling back with reports on touring conditions in all parts of the United States.

The latest to arrive came yesterday from the Canadian Border, and from completing the circuit of the great national parks of the northwest, bringing the latest dope on the gasoline situation to the north and on the roads there.

In British Columbia there is at present a renaissance of motoring rules. The old custom of driving on the left hand side of the roads and streets is giving way to the American method of proceeding on the right.

July 15th saw a new law to this effect go into force, and other parts of Canada are to establish the American rule on January 1st.

Gasoline is practically as scarce in Oregon and Washington as it is or has been in Los Angeles, but there is plenty of "gas" in Western Canada and in Idaho and Montana.

Motor fuel has been higher in price, however, in Washington and Oregon, than it has been in Southern California, according to the report, generally on account of inadequate transportation facilities, a thing which has not been true of this section. The prices of gasoline there, says the Auto Club, have ranged from 27 to 55 cents.

On account of the incomplete condition of the roads throughout the northern states, an unusual number of toll bridges and ferries are encountered daily. These provide detours.

CHARGES AMERICAN GOT MILITARY MAPS

By HENRY W. KINNEY
(United Press Staff Correspondent.)

TOKYO, July 10. (By Mail.)—The arrest of Tsunanoru Oyama, a young member of one of Japan's very highest families, on a charge of having sold military maps to an American, who in turn handed them over to "a certain embassy," as the vernacular press carefully expresses it, has caused considerable consternation in official circles as well as with the public in general, although the matter is at present veiled in the mists of official secrecy.

Young Oyama is a nephew of the late Field Marshal Prince Oyama, one of Japan's foremost statesmen of modern times and a member of the Elder statesmen group, which is virtually the ultimate power in the country. The young man is also a cousin to Prince Oyama, the present head of this great family, and his prominence makes the incident especially interesting, as well as the fact that, while no direct charge has been made against the American embassy, the accounts of the affair take pains to veil their allusions so thinly that no room is left open to doubt as to which embassy is referred to.

It is stated that the young man was with the 14th cavalry regiment when it seized Habarovsk in August, 1918, as a member of a surveying detail, and that at that time he secretly took possession of about 250 maps which had been in possession of the enemy. While in Siberia he is supposed to have become friendly with a certain American and to have disposed of the maps to him, the military attache of the American embassy being, it is said, the ultimate recipient of the maps.

Several other young men have been arrested as Oyama's accomplices, and the authorities are now making a thorough investigation of the affair. It is certain that considerable importance attaches to the matter, as is evident from the fact that Oyama has been arrested and as the gendarmerie, which handled the case claims that it made absolutely sure of its ground, before taking steps, owing to the high connections of the young man.

On the other hand, it does not seem quite plain why the American embassy, or any other embassy, should pay 40,000 yen which is alleged to be the amount paid for the maps, for data regarding Siberia, particularly as the American forces have withdrawn from that region and should therefore take no great interest therein. It therefore looks as if the maps may be more important that has been given out.

The vernacular press stated a few days ago that the foreign office had been requested to take steps to secure the arrest of the military attache. Inquiry at the foreign office, however, elicited the information that no such steps had been taken, and it was added that as diplomatic officials are immune from arrest, no such action could be taken, unless the country involved consented thereto. The foreign office officials were rather annoyed that anything had been given out at all about the affair. They stated that the American charge d'affaires had called on the foreign minister and complained about the various statements which had been made in the press, and as a consequence an investigation was made which brought out that the gendarmerie had told the story.

The press states that the authorities are rather in a quandary owing to the fact that they have no definite information as to the exact nature of the maps, and upon their importance depends in large measure the severity of the punishment to be meted out. "To secure that information is almost impossible," thus remarks the Nichi Nichi, "as the maps are already in the hands of the embassy concerned."

This statement is to some extent borne out by a remark made to the United Press by a war department official who said that the authorities were still undecided as to whether Oyama should be charged with treason or only with gross cheating. If the maps are of actual military value, the former charge will be brought, but it is thought possible that they have merely been faked by young Oyama, and that he passed off a bunch of worthless data in exchange for a considerable sum of money.

The military attache of the American embassy states that nothing whatever is known about my such transaction either by him or by his associates.

AGED ONE HUNDRED

J. H. WIMAN OF TUJUNGA ROUNDS OUT CENTURY OF YEARS

One hundred years old, yet well and comparatively active is J. H. Wiman, who lives in the foothills of Tujunga, and a few weeks ago passed the century mark. His faculties are well preserved except for a slight impairment of sight and hearing; and as he posed for a picture on the occasion of a visit from Glendale friends, he stood erect, shoulders back, like a soldier at attention.

This interesting centenarian was quite willing to tell of his life and experiences, as all elderly people are fond of doing, beginning with his birth in Prussia, June 24, 1820.

In 1846 he came to the United States, arriving in St. Louis on New Year's Eve, 1847. Forty years of his life were spent in Lexington, Mo., and in 1905 California opened her doors to another farmer and mechanic, for such were his occupations. He can boast of two sons and one daughter; fourteen grandchildren—three grandsons and one grand-daughter having been in the U. S. service during the war; and ten great-grandchildren. His son, Rev. M. H. Wiman, is pastor of the Federated Church at Tujunga. Mr. Wiman now devotes his energies to the making of walking canes from bamboo, whittling out knobs for them from orange wood. He has made 100 in the last five years. "If I can fiddle along with a little whittling, I am all right," he remarked pleasantly.

Mr. Wiman has been sick but a few times in his life and when asked to what he attributed his good health, he replied, "I never overeat, and if I do not feel well, I omit a meal or two, and aim to eat nothing which I know to be harmful. I never use sugar on my cereals. My habits have always been simple and regular, and I have used no alcohol except a very little beer when a young man. I had always smoked a little every day until eight years ago when I thought it seemed to do me harm and I quit; I have not touched the old pipe since. I eat very little meat."

Mr. Wiman enjoys company and can tell many interesting experiences dating back to his boyhood. His abundant head of hair and lack of baldness attests his abstemious habits and well-preserved vitality.

HUNSAKER FREED

PASADENA MAN ACQUITTED OF RECKLESS AUTO DRIVING

The case against Ogden Hunsaker of Pasadena charged with reckless speeding which resulted in striking and overturning the Ford Sedan of Mrs. C. Julian of La Crescenta, injuring her and her two companions, neighbor ladies, at Adams and Colorado, was held yesterday and resulted in an acquittal by the jury after a deliberation of two hours. While the prosecution, conducted by Mr. McCartney of the District Attorney's office, had the most witnesses, the lawyer for the accused succeeded, in the cross-examination in so tangling up some of them that there were real or apparent contradictions, and this had considerable weight with the jury. The prosecution failed to cross-examine freely and thus some points that might have had weight with the jury were not brought out, one being the fact that the defendant had not long since paid a fine for speeding 33 miles an hour on Colorado near where the accident occurred. As an observer of the trial remarked the defendant in such cases has an advantage in the fact that he generally has a lawyer who is working for a good fee and takes advantage of every opportunity, while the prosecution is by paid officials of the county who get their salaries anyhow and do not take the trouble to go into a matter thoroughly.

BOND ELECTION

GLENDALE UNION HIGH SCHOOL DISTRICT ASKS $60,000 BOND ISSUE, AUGUST 16TH

On Monday, August 16th, the Glendale Union High School bond election will be held, at which time the voters of the district will be asked to vote a bond issue of $60,000.00 for the purpose of building bungalow class rooms on the school grounds. It has been known for more than a year that additional room is needed to accommodate the increased attendance of pupils at the Union High School, and on account of varying opinions as to the best method of providing this room the carrying out of definite plans has been delayed. The need is imperative and the proposition that has been presented by the Board is one upon which all can unite on August 16th.

It is to be regretted that the course pursued in calling previous bond elections was such that it was impossible to get the support of the necessary number of voters of the district. It is in place, however, to say that it is presumed that all citizens have the very best interests of the High School at heart and whatever course was pursued by the voters was according to their honest convictions, and now it is entirely proper that all citizens of the Glendale Union High School district should put their shoulders to the cause of providing more class rooms for the pupils and put the $60,000 bond issue over with an overwhelming two-thirds vote.

HOUSING QUESTION

TRACTOR SHOW COMMITTEE PLANS TO ACCOMMODATE ALL VISITORS

The Glendale Housing Committee for the National Tractor Show met Thursday afternoon with the chairman, Mrs. E. H. Willisford, for discussion of ways and means of providing for the many visitors who will be in Glendale the week of September 20-26.

The lack of adequate hotels will bring the question of sleeping accommodations fairly up to the residents of Glendale. This city has a reputation for hospitality and if we haven't hotels we have what is far more alluring—citizens who will be glad to help out by renting a room or two during the show.

The committee decided that there should be a reasonable range of prices for such rentals—from one dollar ($1.00) per night for one person to two dollars ($2.00) for room having bath. Two persons occupying a room, fifty cents ($.50) additional. The question of serving breakfasts to be left entirely to the decision of the person renting the room.

The committee will have a secretary on duty from September 10-26, whose business will be to get in touch with as many residents as possible and list all available rooms.

The people of Glendale are urged to be ready for a hearty response when called upon and help boost Glendale to all visitors. Anyone desiring to list at this time may do so by calling anyone of the following committee: Mrs. E. H. Willisford, Mrs. A. P. Findlay, Mrs. L. W. Sinclair, Mrs. C. E. Hutchinson, Mrs. A. A. Barton

BRUSH FIRES NEAR GLENDALE

A brush fire that started in the Hollywood Hills and spread east until it seemed to be threatening the P. E. bridge at Ivanhoe yesterday morning brought out a squad of fighters from Los Angeles, the P. E. bringing them out in special cars. There was another brush fire near Glendale yesterday but in the other direction. A mile and a half of territory in the Arroyo Seco was burned over and the homes of many wealthy residents of Linda Vista, a suburb of Pasadena, were threatened before the flames could be subdued.

NOTICE OF HIGH SCHOOL BOND ELECTION

Notice is hereby given to the qualified electors of Glendale Union High School District of Los Angeles County, California, that in accordance with the provisions of the Political Code of the State of California, an election will be held on the

16th Day of August, 1920

at the polling places named in the hereinafter designated precincts in said High School District, between the hours of 8 a. m. and 6 p. m. (during which period and between which hours the polls shall remain open), for the purpose of voting upon the question of issuing and selling bonds of said High School District to the amount of Sixty Thousand Dollars, for the purpose of raising money for purchasing High School lots, for building or purchasing one or more High School buildings, or making alterations or additions to the High School building or buildings, for insuring High School buildings, for supplying High School buildings with furniture or necessary apparatus, and for improving the grounds.

The said bonds proposed to be issued and sold shall be of the denomination of One Thousand Dollars each, and shall bear interest at the rate of six per cent per annum, payable semi-annually, and shall be numbered from 1 to 60 consecutively, payable as follows, to-wit:

Bonds Nos. 1, 2, 3, each One Thousand Dollars, to run 1 year,
Bonds Nos. 4, 5, 6, each One Thousand Dollars, to run 2 years,
Bonds Nos. 7, 8, 9, each One Thousand Dollars, to run 3 years,
Bonds Nos. 10, 11, 12, each One Thousand Dollars, to run 4 years,
Bonds Nos. 13, 14, 15, each One Thousand Dollars, to run 5 years,
Bonds Nos. 16, 17, 18, each One Thousand Dollars, to run 6 years,
Bonds Nos. 19, 20, 21, each One Thousand Dollars, to run 7 years,
Bonds Nos. 22, 23, 24, each One Thousand Dollars, to run 8 years,
Bonds Nos. 25, 26, 27, each One Thousand Dollars, to run 9 years,
Bonds Nos. 28, 29, 30, each One Thousand Dollars, to run 10 years,
Bonds Nos. 31, 32, 33, each One Thousand Dollars, to run 11 years,
Bonds Nos. 34, 35, 36, each One Thousand Dollars, to run 12 years,
Bonds Nos. 37, 38, 39, each One Thousand Dollars, to run 13 years,
Bonds Nos. 40, 41, 42, each One Thousand Dollars, to run 14 years,
Bonds Nos. 43, 44, 45, each One Thousand Dollars, to run 15 years,
Bonds Nos. 46, 47, 48, each One Thousand Dollars, to run 16 years,
Bonds Nos. 49, 50, 51, each One Thousand Dollars, to run 17 years,
Bonds Nos. 52, 53, 54, each One Thousand Dollars, to run 18 years,
Bonds Nos. 55, 56, 57, each One Thousand Dollars, to run 19 years,
Bonds Nos. 58, 59, 60, each One Thousand Dollars, to run 20 years.

That for the purpose of holding said election, the said Glendale Union High School District shall be and is hereby divided into four High School precincts, designated as follows, to-wit: Crescenta Precinct, Eagle Rock City Precinct, Glendale City Precinct, Glorietta Precinct. The said precincts, with their respective polling places and officers of election, shall be as follows:

CRESCENTA PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Crescenta School District. The polling place therein shall be the Crescenta school and the officers of election shall be as follows:

Inspector: Belle F. Miller.
Judge: Louise Erwin.
Judge: Lawrence A. Potter.

EAGLE ROCK CITY PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Eagle Rock City School District. The polling place therein shall be the Central School in said district, and the officers of election shall be as follows:

Inspector: G. N. Sprague.
Judge: Edith M. Eckert.
Judge: Carrie A. Roberts.

GLENDALE CITY PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Glendale City School District. The polling place therein shall be the Glendale Union High School, and the officers of election shall be as follows:

Inspector: J. Rhea Baker.
Judge: Preston A. Fullen.
Judge: M. Irene Muller.

GLORIETTA PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Glorietta School District. The polling place therein shall be the Glorietta School and the officers of election shall be as follows:

Inspector: Mary L. Lewis.
Judge: Mary B. Woodruff.
Judge: Elizabeth Darlington.

The said Inspector and Judges, above named, being competent and qualified electors of Glendale Union High School District, shall conduct such election at the time and in the respective places above set forth, and shall make return thereof pursuant to law. Each qualified elector of said Union High School District shall be entitled to vote only in the High School bond election precinct of which he is a resident.

IN WITNESS WHEREOF, we have hereunto set our hands this 21st day of July, 1920.

DR. A. L. BRYANT,
CLAUD O. PULLIAM,
BLANCHE A. GARDINER.

ANNOUNCEMENTS

ADVERTISEMENTS

RE-ELECT HIM AT THE PRIMARIES!

Jonathan S. Dodge announces his candidacy for re-election as Supervisor of the Fifth District. Mr. Dodge bases his claims for re-election upon his record as a public official.

At the present time, the County of Los Angeles owns property valued at Seven million dollars, and has loaned out to the banks of the County on approved security more than Eight million dollars. In addition, the County has $1,200,000.00 of surplus funds invested in Liberty Bonds and Treasury Certificates.

On entering office, the General Fund of the County was overdrawn $2,521,678.46. The balance in the General Fund March 31st, 1920, was $2,444,269.74, a net gain of almost Five million dollars.

HE HAS MADE GOOD!

HOW I MADE $300 BRING ME AN INCOME OF $30,000 A YEAR.

Four years ago I had only $300. Last year my income was $30,000. Now I am going to give a few men and women the opportunity to join me in this money making business. Anyone with a few hundred dollars or several thousand dollars can come in as one of my partners. I am going to make money for them as I have been making it for myself. If I can make $300.00 grow to an income of $30,000 I can make money for you. I have a big, prosperous, successful business. I am going to have a bigger and a more profitable business. It isn't often that you ever have such a chance as this. Perhaps only once in a lifetime. But by pooling our interests we can all make more money. Come in and let's talk this over or send me your name and I will mail you the full particulars. Whatever you do don't pass up this remarkable offer. It means big money to everyone who comes in with me.

I'll give you the best bank references to back up my claims. Box 505, Glendale Evening News.

TO WHOM IT MAY CONCERN.

Will the lady who picked up a package by mistake Friday evening at the Glendale Shampoo Parlors please return the same or phone Glendale 177-J? 324 North Central Avenue.

Personals

Mrs. R. F. Kitterman and daughters are in Long Beach for over Sunday.

H. F. Clark is moving from 1203 South Maryland avenue to Claremont.

Mr. and Mrs. Wm. Barr of 1237 Valley View Road have just returned from a month's stay in Santa Rosa.

Mr. and Mrs. Bert Ward of 451 Myrtle street have just returned from a very interesting trip in the Sequoia National Forest.

Russell Tummel of 121 Milford street left Monday morning for San Francisco to spend his vacation with his sister, Mrs. Robert Abarta.

Mrs. H. E. Addams of 126 Arden avenue is expecting her sister, Mrs. H. R. Wilson, from Orosi, who will remain with her the rest of the month.

Mrs. Dale Dawson and daughter, Helen May, of Omaha, Neb., are here for a month's visit with Miles Dawson and wife and Harold H., their son, of 445 Oak street.

C. D. Lusby and Arthur Campbell, who recently joined forces and embarked in the real estate business, have secured quarters in the Bentley Building at 208 East Broadway.

Mrs. M. A. Harper and son Henry, who are instructors in physical culture, are guests at Arbor Rest. They have closed up their studio in Berkeley and expect to open one in Los Angeles.

C. H. Thompson of 131 North Brand boulevard has a long record of service as a real estate dealer in Glendale. His name should have been in the list of Glendale Realty men published yesterday.

Miss Emily Gertrude Gibbs who has been enjoying a vacation of three weeks from her duties as reporter for the Glendale Evening News will resume her work on Monday.

W. W. Jones of 430 Vine street, who was called to Philadelphia two weeks ago by the death of his sister, is expected home Tuesday morning bringing with him his father who will make his home here.

Mr. and Mrs. C. H. Root, who have made their home with their daughter, Mrs. G. S. Reitler of 614 North Maryland avenue for the past two years, have returned to their home at Fox Lake, Wisconsin.

Eustace B. Moore of South Maryland avenue left a few days ago for San Francisco on business and next week will take in the convention of the Order of Redmen to be held at Santa Rosa. He is the delegate of the Southern California district and will be gone about ten days.

Mr. and Mrs. Charles H. Toll and family, who left the first of the week, expect to spend a month camping on the shores of Mono Lake, on the estate of L. C. Brand. They were accompanied by Mrs. Thompson, niece of Mr. Brand. They have camped there before and have found it a delightful place for such an outing.

Geo. W. Brunner of 206 Fairview has just sold his home. He came to Glendale last October, rented awhile and then bought. He is a jeweler and works in Burbank but prefers to live in Glendale. He came here from Algona, Iowa, where so many others of Glendale's citizens hail from, but the most of his life was spent in Charles county, Iowa.

Horace Grant, wife and child of Shawnee, Okla., are visiting his father, S. E. Grant, of the Arbor Rest Home sanitarium. Mrs. E. L. Grosthwait, a daughter of S. E. Grant, who has spent a month here, is returning tomorrow to San Antonio, Texas. Mrs. Grant's brother, J. P. Dean, from Huron, S. Dak., is enjoying a visit with his two children who have made their home with the Grants for a year and a half.

Architect Arthur G. Lindley is taking bids for the erection of a 2-story and basement community church building at Taft for the First M. E. congregation at that place, he having furnished the plans. It will be 60x80 feet in size and will contain banquet rooms, auditorium, class-rooms, etc. It will have concrete foundation, frame and plastered superstructure, tile and composition roof, pine trim. There will be locker rooms, and kitchen equipment.

L. A. TRUST & SAVINGS BANK GIVES BANQUET

The L. A. Trust & Savings Bank of Los Angeles, which recently took over the two Bank of Glendale branches, gave a banquet last evening in their own cafeteria to the entire force of tellers, about 100 in number. It was a fine banquet and good entertainment afterward. The Glendale tellers present were Ray and Ralph Berry, B. A. Wyman and G. W. Givens.

If German hangmen, striking for higher wages, were permitted to hang all who deserve it they would get in enough overtime to do very nicely.

Extract From a Modern Will

"To My Beloved—I leave the home with its first and second mortgages.

"To My Beloved—I leave my automobile and the privilege of making the rest of the 'easy payments.'

"To My Beloved—I leave and bequeath my piano-player, on which there is only a matter of $220 to pay."

There is more than one man in Glendale who, if he should die tonight, would leave just about such an estate as the above.

It is eminently right and proper for a man to provide a home. It is also nice to have an auto and a piano-player, but oughtn't PROTECTION for the family to be provided first?

How much income would your family have if its breadwinner should suddenly drop out?

W. B. Kirk

Protector of Homes.

OBSERVATIONS

What the world would prize most is the truth about Russia.

* * *

The wages of sin have kept pace with the times.

* * *

And nowhere, probably, is there more envy of Ponzi than in Wall St.

* * *

Probably the price of sugar is dropping because everybody has laid in a good supply.

* * *

Bulgaria is still far from civilization. A new law makes work by both men and women compulsory.

* * *

The work cure for unrest, guaranteed to give relief. Highly recommended to Russia and Mexico, to be taken internally.

* * *

Ponzi ought to have a good chance to become finance minister when the next Italian cabinet shakeup comes.

Special Subject:

'The Sin Against the Holy Ghost'

BUSY AUTHOR

FREDERICK O'BRIEN WORKING ON TWO PLAYS FOR PRODUCTION THIS FALL

Frederick O'Brien, the author of "White Shadows in the South Seas," is again in the north working hard on a photo play the scene of which is Northern California. He is out in the country where he can get the necessary local color for the scenes. Also he is in conference with Joseph Urban, one of the greatest scenario placers in the world who has come on from Austria to make a film production of "White Shadows" and in which it is necessary for Mr. O'Brien to collaborate. Both plays will have their initial showing in New York this fall. Besides this work Mr. O'Brien is under contract to furnish monthly articles to the "Century," and book reviews for the New York Times and the Dial, besides editorials for Collier's and contributions to other periodicals. Mrs. O'Brien marvels that he is able to accomplish so much, but says he does most of his writing in the wee sma' hours of the night when he is free from the interruptions that beset the day of a popular author.

Mrs. O'Brien and her neighbors are having a strenuous time trying to combat the devastation of gophers which are destroying trees and vines at a heart sickening rate in spite of constant vigilance. They are so much worse than usual this year and doing so great an amount of damage that she wonders whether the offering of a bounty would not be a good thing.

AMERICAN LEGION

GLENDALE POST UNANIMOUSLY AGAINST MIXING IN POLITICS

About the biggest meeting yet held by Glendale Post American Legion was that last evening, when nearly 150 members were present. Many applications for new membership were presented and voted on. The main feature of the evening and the one that attracted many who had not been regular attendants, was the announced discussion on whether or not this Post should take part in politics as a Post. There was a most animated discussion pro and con, but all conducted in the friendliest spirit. Many arguments on both sides of the question were presented and when a vote was taken it was largely against taking part in politics. As showing the spirit of fraternity and fair play and the determination of all to abide by majority decisions, a motion to make the action unanimous was carried amid great applause. A motion was then made and carried that the delegates to the State Encampment of American Legion Posts, to be held in San Diego Aug. 23d to 25th be instructed to record the verdict of Glendale Post against entering politics and against changing the national constitution in its pronouncement on this subject.

After the question was disposed of the new American Legion band of nearly 20 pieces gave some fine selections, which showed the excellent material in the membership as very little practicing together had been done. This band bids fair to become the pride of Glendale Post and will advertise it far and wide. New members will be added as they can be secured.

Refreshments of ice cream and cake were served to properly wind up this most enjoyable and profitable session.

MANY REAL ESTATE SALES

Among the sales of real estate made in Glendale during the month of July may be noted the following:

218 E. Garfield for H. A. Harrison to M. H. Finn, of Brockton, Mass.; 352 Salem St. for C. O. Pulliam to J. E. Howes, of Glendale; 918 E. Wilson for Miss S. Thomas to M. Glass, of Philadelphia; 226 W. Chestnut for Mrs. Marion Streight to Mrs. Lillian Dow, of Glendale; 469 Oak St. for T. J. Fambrough to Mrs. R. T. Young, of Massachusetts; 951 N. Louise for L. F. Darby to J. A. Legge, of Glendale; 123 N. Everett for Mrs. Maude Potter to W. S. Bohannan, of Portland, Ore.; 206 E. Fairview for Geo. Brunner to W. H. Hyde, of Pomona; 320 E. Dryden for Mrs. Mary Boyle to C. B. Murphy, of Long Beach; 336 Geneva for M. J. McGrew to Ethel M. Dennis, of Glendale; 501 E. Windsor Road for G. A. Miller of Santa Paula to G. A. Nelson, of Los Angeles; 909 Orange Grove Ave. for A. J. Van Wie to Geo. Brunner, of Glendale; 615 Howard for J. M. Banker to H. J. Roach, of Hollywood; 129 S. Cedar for W. S. Carmichael to M. J. McGrew, of Glendale; 20 acres in the northwest section for A. C. Anderson to S. Thompson, of Los Angeles; the palatial home of Dr. and Mrs. N. Bray, 250 N. Verdugo Road, to I. M. Coykendall, of Dubuque, Iowa.

All the above sales were made by Mrs. M. L. Tight of 612 East Broadway. July was supposed to be a dull month for real estate, but not so in Glendale, as shown by these sales. Mrs. Tight's 34 years' residence in Glendale has enabled her to know the valley thoroughly.

Going On a Vacation?

Are you going to spend a few weeks in the mountains or at the seashore?

Before storing your personal things and your household linen, you'll want them freshly laundered. If soiled things are stored away they deteriorate rapidly; this is especially true of garments that have been exposed to perspiration.

Send us your personal apparel and household linen.

We'll have everything fresh and clean for you before you leave.

Phone for our driver to call.

ONE DEAD IN PORTLAND FIRE

MRS. CHANEY, SCHOOL TEACHER, LOSES LIFE IN JUMPING FROM BURNING HOTEL

(Special Service to Glendale Evening News)

PORTLAND, Ore., August 7.—One person killed and three seriously injured was the toll of a fire which badly damaged the Elton Court hotel here early this morning. Mrs. Josephine Chaney, a Portland school teacher died soon after jumping from the fourth story of the burning building.

Former Empress Eugenie lived to see many other royal titles go the way of hers.

The unfortunates whose minds are on a vacation 52 weeks of the year deserve sympathy.

You can generally get a clue to a woman's age by asking her opinion of the new styles.

Warsaw isn't taking much stock these days in the old saw that there's nothing in a name.

AUTOMOBILE SECTION

PUBLISHED EVERY SATURDAY

OAKLAND Announcement!

I have taken the Oakland Agency for the entire San Fernando Valley in addition to Glendale and Eagle Rock. My territory now includes Lankershim, Van Nuys, San Fernando, Owensmouth, and Chatsworth. A branch will be established in one of the towns of the valley as soon as a suitable location can be secured.

Ask Oakland Owners

If the Sensible Six has stood up under hard usage and all sorts of conditions.

If the Sensible Six was designed and built for every-day wear and if it has made good in daily use.

Ask them if the statements we made in regard to the performance of the car have proved true.

Ask them if they can make from 18 to 25 miles on a gallon of gas.

Ask them if they can get from 10,000 to 15,000 miles from their tires with the Sensible Six.

OAKLAND OWNERS ARE OAKLAND ENTHUSIASTS

The Oakland Sensible Six

——a good looking car built for use.

——a medium priced car that has made good.

——an every-day car suited to every purpose.

——economical to buy and economical to operate.

——efficient for all the year 'round transportation.

——a car that can be owned, operated and maintained at a minimum.

The Oakland Sensible Six Sedan

Why they buy it in preference to higher priced closed cars:

The Oakland Sedan is a closed 4-door car that embraces comfort, convenience and practical every-day utility, due to advanced design and correct construction.

The long wheelbase, low springs and low center of gravity insure comfortable riding and eliminate top-heaviness.

The low body placement and the wide-swinging doors make entrance to or exit from the car very easy.

Roominess of body and roominess of seats is another Oakland Sedan special feature.

Window regulators, easily manipulated, silk roller curtains, a dome light and an easily regulated heater are features that carry their own appeal.

BATTERY IS SIMPLE

HAS NOT SO MANY WORKING PARTS AS ENGINE, SAYS MR. CIZEK

"I wish my battery was as simple as my engine." "That's the sort of remarks we're apt to hear anytime," says E. W. Cizek, Willard Service Station Dealer.

"As a matter of fact the battery is far simpler than any engine, having only two working parts instead of the dozens that go into the average engine.

"If you took a battery apart, or watched a service man do it, you would see that it was made up of positive and negative plates separated by insulation, and that plates and insulation were immersed in a solution contained in rubber jars.

"Plates and insulation are the only parts that are at all likely to wear out and require replacement. When one of these is made wear proof, as when the insulation is Threaded Rubber, the battery becomes the simplest working part of the whole car."

WHERE THE GASOLINE GOES

Three per cent of the total gasoline production of the country is wasted. The Bureau of Mines investigation report shows that the aggregate loss per year from evaporation is estimated at 122,100,000 gallons in the Mid-Continent field alone. At 22 cents per gallon, the loss in terms of dollars is reckoned at $26,880,000. It is claimed that the portion of the gasoline wasted is the most valuable because it is the lightest. Investigators asserted that this would command the highest value.

Evaporation of crude oil during storage shows a high rate. Data obtained in many investigations by Federal agents brought the conclusion that the greater part of the loss is on the lease when the oil is still fresh. Relief from the gasoline shortage would be accorded in a small measure, the experts believe, by protecting the oil from free contact with the air.—Touring Topics.

Hudson Essex

ESSEX MOTOR CARS

Everyone knows Hudson's reputation as the world's best fine car. All know that Essex' distinction as a light weight car of splendid performance is due to the fact that Essex was built by Hudson engineers. Have you seen our new showrooms at 228 South Brand Boulevard?

MAXWELLS — For Immediate Delivery

Although the Maxwell is so well known it scarcely needs a demonstration, we will be glad to take you for a drive and explain the operation of the car.

We believe in the Maxwell so implicitly and understand it so thoroughly that we like to talk about it.

We like to point out the features that make the Maxwell different from other cars, we like to explain how the rare steels used in the Maxwell make it a strong car and yet a light car. Won't you give us a chance to tell you all about the Maxwell?

Come here for Maxwell service and Maxwell parts

HIGHWAY PROBLEMS

AUTO CLUB PLANS THOROUGH STUDY OF ROAD SYSTEM OF STATE

Realizing the vital and immediate necessity of a complete and thorough study of the Highway System of California, both as to construction and maintenance, the Automobile Club of Southern California has instituted and set in motion a plan to this end which is without doubt the most comprehensive and efficient ever brought forward in the state. The California State Automobile Association in the North are working hand in hand with the Club in this matter, and the method agreed upon will not only be "from the ground up," but will be carried on and participated in by everyone directly connected with road-building in the state, from the County Engineers and Boards of Supervisors in each county in California, to the two Automobile Organizations of the South and the North, and the State Highway Commission of California. This plan was fully discussed and amicably determined on at a recent meeting of the County Highway Engineers of Southern California, called by The Automobile Club of Southern California at Los Angeles.

Field Engineer D. C. Rhodes of The Automobile Club of Southern California, E. E. East, formerly District Engineer for the State Highway Commission of California, and Chas. H. Richards of the staff of Consulting Engineer J. B. Lippincott of the Automobile Club of Southern California are already at work making a careful personal survey of the paved highways, both county and state, in Southern California, and with the data obtained, will meet and confer with the investigating committees.

The investigation is to be carried out by committees appointed from among the County Road Engineers of all of the counties of the state, assisted by the Boards of County Supervisors, and the State Highway Commission. The purpose of the investigation, which is absolutely without prejudice to anyone, is to collect all engineering information and data into one report, which shall be available to the State Highway Commission, the County Engineers, and all officials and organizations in California who are engaged in, or who are interested in road-building.

The roadways in California are probably the best anywhere, but they are subject to more hard usage than any other roads in the world; more than anyone thought possible they would be compelled to meet when they were constructed. As a result, they are not lasting as they should last. With more than $50,000,000 to be expended in the building of highways, both state and county, in California in the near future, the men and the organizations at this meeting decided it was the only safe policy to rigidly examine the entire highway system of the state, and the causes of disintegration and failure to stand up under heavy loads of certain of the present highways, so that roads to be hereafter built might be constructed to meet all possible emergencies.

The plan proposed is to investigate such elements in road-building as foundations and treatment of subgrades, thickness and re-inforcement of concrete slabs, maintenance, determination of load, stress, speed, tire widths and impact, and a study of the actual loads now being hauled over the highways. Such a report will be of inestimable value to those who have under their control the building of California's highways, and will save large sums of money to the taxpayers of the state.

Without exception the Engineers and Supervisors and all present at the meeting placed themselves on record as approving such an investigation, and proffered their services to that end.

The automobile industry is doing much for labor. It gives direct employment to about two million people, besides doing considerable in the way of lessening the number of people wanting jobs.

A falsehood, crushed to earth, will spread all over it.

OVERLAND RECORD

A. B. LAWRENCE JUBILANT OVER RESULT OF TRANS-CONTINENTAL RUN

A. B. Lawrence of the Overland-Glendale Motor Company is all swelled up over the recent Overland Cross Continent Test which he says demonstrates and emphasizes the wonderful stamina and riding qualities of the car which he represents.

An Overland stock car, taking gas at 32 different public stations, driven by 25 different drivers who never saw the car before smashed all transcontinental economy records in a run from New York to San Francisco. This car averaged 27.2 miles to the gallon of gasoline in a journey of 3,442 miles made in 179 hours with drivers unfamiliar with the car. Mr. Lawrence thinks this record will be hard to beat.

RELIABLE GARAGE

WILL SOON BE AT HOME IN NEW BUILDING AT 310 E. COLORADO

The Reliable Garage which has been doing general automibile repair business at Brand and Colorado for the past three years is moving from that location and will soon be installed in a new building at 310 E. Colorado. John L. Booth, proprietor of the Reliable, says the efficiency of his plant will be greatly increased in the new location. He intends soon to add a line of Goodyear tires and make other changes that will be appreciated by his patrons.

The new building, which was put up by the proprietor, has a plastered exterior front and the sides sheathed with galvanized iron, making it practically fireproof.

Advertist it, or advertise for it in the Evening News.

THE UNIVERSAL CAR

Insist on Genuine Ford Parts

Imitation "Ford" parts are being sold by many mail-order houses, down-town stores and garages to unsuspecting Ford owners as "Ford" parts. But they are not Genuine Ford parts. They are made by concerns who have no connection whatsoever with the Ford Motor Company. Tests have shown them to break when the genuine Ford parts didn't even bend.

The Authorized Ford Dealers are your protection. As such, we handle nothing but the Genuine Ford parts. They are made from the famous Ford Vanadium Steel, and each part—according to its use—is heat-treated in the way that will give it the longest wearing qualities.

Our Ford garage and Ford mechanics are at your service at all times. Drive in when replacements or repairs for your Ford car may be necessary. Save your car and also your money.

FOR TOURISTS

NEAT LODGE TO BE BUILT ON TOP OF SNOQUALMIE PASS

Snoqualmie Pass, over which moves the traffic of the transcontinental highways connecting western and eastern Washington, is to be made more attractive for the tourist, and announcement is made by the Washington State Highway Commission that a lodge is to be built at the summit which will furnish accommodations for 75 over-night or week-end visitors, either on American or European plan.

Being only three miles ride from the ocean at Seattle over one of the best of mountain roads, and through such scenery as thousands have gone to Switzerland to admire, the ride over Snoqualmie Pass to the new lodge promises to be extremely popular during the summer season. There is a lot of scenery on Snoqualmie Pass road as on any of the mountain highways of the Puget Sound district—towering hemlock and cedar, meadows gorgeously green in the bright sunshine, groups of spring flowers, glistening water and roaring falls, with straight ahead a mantle of snow whiteness.

PROMINENT EDITOR COMES TO GOODYEAR PLANT

E. S. Foljambe, known widely throughout the automotive trade world as an editor of automobile trade publications and an official of the Society of Automotive Engineers, has given up his desk as Directing Editor of the Chilton publications at Philadelphia, and heeding the advice of another well-known Eastern editor, Horace Greeley, to "go west," has joined the forces of the Goodyear Tire & Rubber Company of California, at Los Angeles, as a special representative of the motor truck tire department.

He has for years been one of the most prominent automotive engineers in the country and has had an important part in many of the advance steps made by the automotive industry.

A TRIFLE ANCIENT BUT STILL GOOD

They took a little gravel
And they took a little tar,
With various ingredients
Imported from afar.
They hammered it and rolled it,
And when they went away
They said they had a pavement
That would last for many a day.

But they came with picks and smote it
To lay a water main:
And then they called the workmen
To put it back again.
To run a railway cable
They took it up some more;
And then they put it back again
Just where it was before.

They took it up for conduits
To run the telephone;
And they put it back again
As hard as any stone.
They took it up for wires
To feed the 'lectric light,
And then they put it back again,
Which was no more than right.

Oh, the pavement's full of furrows;
There are patches everywhere;
You'd like to ride upon it,
But it's seldom that you dare.
It's a very handsome pavement;
A credit to the town;
They're always diggin' of it up
Or puttin' of it down.

WOULD LIMIT TRUCK LOADS

CHICAGO, Ill.—An ordinance limiting motor truck loads on the Chicago streets to a maximum of five tons is to be introduced into the city council at its next meeting. The recommendation for such an ordinance cites the fact that Chicago streets have been called upon to carry an unusually heavy burden in the last winter and that in many cases trucks have been grossly overloaded. It is expected the passage of the ordinance will be opposed by the Motor Truck Owners' Association. The truck owners' association recently caused the defeat of the truck fender ordinance here and is regarded as one of the best protected organizations in the country.—Motor Age.

THE OAKLAND

MAX GREEN NOW REPRESENTS THIS CAR THROUGHOUT SAN FERNANDO VALLEY

Max Green, who has had the agency for the Oakland car for Glendale and Eagle Rock with headquarters at 115 West Harvard street, Glendale, for some years, is now searching for a good location for a branch show room in one of the other towns of the San Fernando Valley, as he has recently secured the agency for the Oakland for the entire valley.

MERITS OF VELIE

M. J. M'GREW SAYS EXPERIENCE OF MR. WINTERS SHOULD RECOMMEND CAR

The hot weather has not been able to dull the enthusiasm of M. J. McGrew, local Velie agent for the car he sells. He is just as willing as ever to tell you all about the Velie and take you for a ride. The recent record made by Mr. and Mrs. J. B. Winters, who drove their Velie from Brockton, Mass., to Glendale, Cal., with a repair expense totaling $1.69 is sufficient recommendation for this car, Mr. McGrew thinks.

ALWAYS READY

Although Ford cars have been put to every conceivable use and they have been found to measure up to the mark every time, every now and then someone comes to the front with a new reason why they like the Ford.

Miss Ruth Ashby of the Famous Players-Lasky Company has a Ford Sedan and is delighted with it. She has invented a new name for her car. "It's a little sun parlor on wheels," said Miss Ashby as she was resting from one of the scenes in "The Furnace" when she was not on the stage, "I have found it very convenient in every way and am in love with it.

"Why, it is even possible to use my car as a dressing room. That is a fact. When we went on location the other day, I was a bit late in reporting at the studio and when I arrived there I found that the rest of the company had already gone on. I didn't dare delay any length of time, so I hurriedly ran into my dressing room, secured my costume and make-up box and quickly drove out to where the rest of the company were engaged in making scenes from 'The Furnace.'

"I found that they were not yet ready for me so I pulled down the shades of the Sedan and in a few moments was ready to start work on my scene. Oh yes! a Ford is ready for anything and a Ford Sedan is always ready."

BROCKTON, MASS. to GLENDALE, CAL.

VELIE MAKES RECORD 3525 MILES

Repair Expense $1.69

The record made by the Velie driven by Mr. and Mrs. Winters from Brockton, Mass., to Glendale, Cal., a distance of 3525 miles, with a repair expense of only $1.69, bears out the claims of Velie manufacturers and dealers that it is a powerful, dependable and economical car.

The Velie is smaller—except in seating capacity; lighter—costing less to run; lower in price—giving a value that at its figure you will find it difficult, if not impossible, to equal.

You owe it to yourself to see and try this car — Phone us for demonstration

J. B. Winters and wife, who bought J. B. Howes' place at 208 N. Jackson recently, are now occupying it. They drove through from Brockton, Mass., covering 3525 miles in their Velie with total repair expenses of $1.69. Mr. and Mrs. Winters are delighted with their new Glendale home.

Soon there will be a contest of wits about how much reinforcing steel there is in the new "House of Arnold" at Seventh and Figueroa. We are going to ask the public to guess how far the steel reinforcing bars would reach if they were laid end to end along the coast route from Los Angeles to San Francisco. Some will say as far as Santa Barbara. Others might think this steel would reach only to Ventura. To give you a little idea so that you will be prepared to send us your guess, go up to Seventh and Figueroa and look over the closely interlaced steel which they are getting ready on the first floor right now. The same glimpse will also convince you that we will have the safest building in Los Angeles against earthquakes.—Arnoldgrams.

John—Did it belong to a magician?

James—No; to an elephant.—Answers, London.

TO KEEP RECORD STRAIGHT

"If I should kiss you, what would happen?" he asked.

"I should call father," she said.

"Then I won't do it," he answered.

"But father's in Scotland!"—Answers, London.

LUCKY ONE

"Do you believe in luck?"

"Sometimes. See that stout woman with the red hat, over there?"

"Yes."

"Twenty-two years ago she refused to marry me."—Edinburgh Scotsman.

WHITE GIRLS A PROBLEM IN LONDON'S CHINATOWN

LONDON (By Mail.) — London magistrates are perplexed over the problem of young girls infatuated with the yellow and black men who have their residence around Limehouse.

Miss Lee, a property owner and the guide, philosopher and friend of her Chinese tenants, says that in her experience the Chinamen, while they certainly do regard the wife as a chattel, are not cruel to her and quite a number of them are exceedingly chivalrous. "The men," she said, "do not go out of this district to look for the women. The women come here."

A woman missionary, after conversing with some of the young and pretty girls who have taken up permanent residence in Limehouse, says that in her opinion most of them go among the colored men in search of adventure, after reading sensational literature or seeing Chinese films. A few of these girls are of an educated and refined type, and many of them uncommonly pretty.

"There are many white wives in Chinatown," she said. "Hemps more today than in times past. One girl brings another. They are attracted by the strangeness and unfamiliar quality of the Oriental. The Chinese give no trouble, but the black men do. They have no such ideas of chivalry as the Chinamen have."

Recently at the Thames police court, Magistrate Cairns said this extraordinary infatuation was the greatest problem he had to deal with.

GASOLINE DYNAMO

A gasoline engine driven dynamo that is entirely automatic in its action is attracting attention in England.

DESTINY

In a presidential year men are made, characters defined and destinies scanned by the people of the nation. It is a time for rejoicing because a favored son is honored, a good neighbor is exalted, or the child of the farm becomes the "man of the hour." In this campaign the successful contender for the office of chief executive will be a child of the farm, for the reason that all candidates were born on farms.

It is certainly an inspiring thought to realize that in the United States there is no barrier to the attainment of the highest honor in the gift of the people. How often the fond mother, sitting by the cradle rocking her infant son, looks upon his innocent face and predicts, in her own mind that some day that little one—her boy—may become a great and honored man. With her own hands she opens the window to a world of wonderful opportunities.

Of all men who live upon the earth, he who is without hope is the most miserable. To him all days and nights are dark. But those visions do not come to the American. He lives in the hope of brighter days, happier hours and more peaceful and pleasant environment. To him and his family there comes the musical whispering voice of prophecy that tells the tale of destiny, inviting an inspiring spirit of determination that spells success.

LET RAILROADS GIVE SERVICE NOW

As the matter of most concern to the public in the railroad wage dispute was the obtaining of more efficient service, the country will look expectantly to the roads to "make good," now that wages have been adjusted and rates have been increased to take care of the railroads' increased expenses. If the right disposition is shown toward meeting this demand, there need be no fear of the public attitude toward the higher rates. The public was prepared for the advances allowed the carriers by the interstate commerce commission, understanding, naturally, that the increase in wages granted railroad employes would be passed on to it through increased freight and passenger rates.

The country has reached the point where, if it can get improved service, it will not hesitate to pay any rates that can be shown to be reasonable. It was painfully impressed during government operation of the roads that the latter had not been making the money the people had been led to suppose—indeed, that the carriers were in a bad way through having been restricted too closely in their charges while the cost of the service and materials they required was soaring.

It is common sense, if we are to avoid a collapse of the transportation system, that the carriers cannot be kept hobbled too much in their charges while everything they have to buy is mounting in price. Of course, this does not mean that the public will submit forever to the "vicious circle" in price-making, but that, until things are stabilized, the railroads will have to be allowed whatever rates are necessary to keep the service going. It will contribute to prosperity to put the roads in a condition to buy the rolling stock of which they stand in such dire need.

The first essential of prosperity is to get the arteries of trade into smooth and vigorous working condition. Nothing would contribute more to bringing down prices of necessities than efficient transportation service.

The waiter who formerly asked "how many lumps?" now tries to hide the sugar bowl.

Jack Johnson says he can "come back." In the ring, perhaps, but not in public estimation.

The "war cloud in the Balkans" is still there.

Farmer-labor ticket loses another vote. Missouri rules it off the ballot.

It is interesting to note, in reference to presidents from Ohio, that not one was a Democrat.

Fears of a gas shortage are unfounded. Isn't this a campaign year.

NOTICE OF PUBLIC WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale, on the 27th day of May, 1920, did at its meeting on said day, adopt a resolution of intention No. 1100 to order the following improvement to be made, to-wit:

Section 1. That all of that certain portion of that fifteen (15) foot alley in Tract No. 1680, as per map recorded in Book 21, Page 66 of Maps, Records of Los Angeles County, California, be closed up, vacated and abandoned for street and alley purposes.

Section 2. That the land necessary and convenient to be taken for the improvement described in Section 1 hereof is situated in the City of Glendale, County of Los Angeles, State of California, and is more particularly described as follows, to-wit:

Beginning at the intersection of the easterly line of Sycamore Canon Road and the southerly line of Lot 1, Tract No. 1680, as per map recorded in Book 21, Page 66 of Maps, Records of Los Angeles County, California; thence easterly along the southerly lines of Lots 1, 2, 3, 4, and 5, of said Tract No. 1680 to the southeast corner of said Lot 5; thence southeasterly across an alley to the northeast corner of Lot 28 of said Tract No. 1680; thence westerly along the northerly line of said Lot 28 to the intersection of the northerly line of said Lot 28 and the easterly line of Sycamore Canon Road; thence northerly along the easterly line of Sycamore Canon Road to the point of beginning.

Section 3. The district to be assessed for the expenses of said improvement is described in, and reference is hereby made to said Resolution of Intention No. 1100 for further particulars of said work.

T. W. WATSON,
City Manager, and ex-Officio Street Superintendent of the City of Glendale. 281-t10
